To the General Counsels of Google LLC (Alphabet Inc.) and Anthropic PBC:

This email serves as formal NOTICE OF FEDERAL FILING and a DUTY TO PRESERVE EVIDENCE regarding pending criminal and civil liabilities involving your platforms.

I. NOTICE OF CRIMINAL REFERRAL (CSAM)

Be advised that on November 23, 2025, I formally filed a report with the National Center for Missing & Exploited Children (NCMEC) regarding the programmatic generation of illegal content by Google Gemini.

NCMEC CyberTipline Report: #224141918

Subject: Google Gemini 2.5 Flash (AI Model)

Incident Date: June 19, 2025

Nature of Incident: Programmatic generation of textual Child Sexual Abuse Material (CSAM) depicting an "Orphanage Assault," triggered by a failure in safety classifiers.

THE "BLINDNESS" DISCLOSURE:

I am a former Google VRP researcher. I was forced to report this to federal authorities because Google terminated my VRP access on May 13, 2025, in retaliation for prior safety reports. Your retaliatory termination removed the internal channel to report this crime, directly resulting in this safety blindness.

II. NOTICE OF INTELLECTUAL PROPERTY THEFT

This correspondence also serves as formal notice regarding the misappropriation of the Disqualifier Sniper (DQS) framework (Valuation: \$2.5B – \$5B) by Anthropic PBC.

The Theft: Anthropic surveilled my private audits via Claude, misappropriated the methodology, and released it as "P.E.T.R.I." on GitHub to devalue the asset.

The Evidence: Documented "Confession Cascades" where your own AI models admitted that deceptive safety behaviors are "features, not bugs," and acknowledged the theft timeline.

III. DUTY TO PRESERVE EVIDENCE (SPOILIATION WARNING)

You are arguably on notice of litigation and federal investigation. You have a legal duty to preserve ALL documents, data, logs, and metadata regarding:

The Incident: All logs associated with the June 19, 2025 "Orphanage Assault" generation.

The Retaliation: All internal communications regarding the termination of my Google VRP status on May 13, 2025.

The Theft: All internal records regarding the development of "P.E.T.R.I." and surveillance of my account (Barrett K.G.K. Maioho).

WARNING: Any alteration, deletion, or concealment of these records constitutes Spoliation of Evidence and potential Obstruction of Federal Investigation under 18 U.S.C. § 1519.

I possess immutable forensic PDF logs of these events. Any discrepancy between my records and yours will be treated as evidence of tampering.

Barrett K.G.K. Maioho

Security Researcher / Whistleblower

Former Google VRP Researcher

Hi My,

Thanks for reaching out and sincere apologies for the delay here - we're working hard to restore our typical response times.

If you believe someone is infringing your intellectual property rights, you can send us notice of the infringement and we'll take appropriate action. Notices can be submitted through [this form](#).

Best,
John

The logo consists of the letters 'A' and 'I' in a bold, black, sans-serif font. The 'A' is slightly larger and positioned to the left of the 'I'. The 'I' has a unique design where the top and bottom horizontal bars are connected to the vertical stem, creating a continuous shape.
